Discover Marina Bay Sands: a 21st Century Asian Icon

Photos credit: Marina Bay Sands Singapore

Marina Bay Sands is more than just a hotel - it is one of Asia's most iconic 21st Century landmarks.

Its prime location and eye-catching architecture create an instant impression, while its world-class facilities make Marina Bay Sands a must-visit attraction for visitors to Singapore.

Three soaring, sweeping seafront towers are crowned by the spectacular Sands SkyPark – an incredible oasis perched 57 floors above the ground. Here, guests can unwind in a 150-metre-long aquamarine infinity pool, gazing out over Singapore's stunning high-rise skyline. Alternatively, the Observation Deck provides the perfect place to enjoy bird's-eye views of the city and snap the most sensational souvenir selfies.

Guests don't need to visit the rooftop to experience amazing views however; all 2,561 rooms at Singapore's largest hotel feature floor-to-ceiling windows that frame panoramic vistas. And with room sizes ranging from a generous 39 square metres to an indulgent 629 square metres, all guests have plenty of space to stretch out and relax.

Marina Bay Sands has an amazing array of attractions to keep guests entertained, including almost limitless dining options. From upscale restaurants overseen by celebrity chefs to authentic Southeast Asian street food, this impressive hotel has become a new gastronomic hub for the city.

Alternatively, guests can indulge in extensive retail therapy at The Shoppes, explore the culture of the ArtScience Museum or experience world-class entertainment at the theatre, nightclubs and bars. Finally, the hotel's Banyan Tree Spa is a serene sanctuary where guests can revive their senses, 55 floors above the bay.

With such an incredible array of amenities, it is no surprise that Marina Bay Sands has become the ultimate celebrity stopover destination. Having hosted global superstars and appeared in Hollywood movies, this spectacular hotel is carving its own place in 21st Century popular culture.

Marina Bay Sands Singapore is available for booking across all WebBeds booking channels.

Beat the Heat this Summer at Siam Kempinski Hotel Bangkok

Asia's most popular tourist city, Bangkok is a vibrant hive of activity - day and night. But in the sultry summer months, it can sometimes feel difficult to escape the heat of the streets and find a place to cool off in comfort and style.

Nestled in the heart of the city, Siam Kempinski Hotel Bangkok is an oasis of calm amid Bangkok's hustle and bustle. This summer, the hotel has created a series of special seasonal promotions that allow guests to beat the heat.

Sra Bua by Kiin Kiin, the hotel's Michelin-starred Thai restaurant, has unveiled its new "Summer Journey" set menu, which showcases the best of

modern Thai cuisine. Based entirely upon seasonal ingredients, this unique menu includes salad cotton candy with red snapper and cucumber dressing; tuna tartar with sesame and soy; veal with lemongrass and pickled pineapple; and pistachio soufflé.

Alternatively, Brasserie Europa has launched its "Signature Sunday Rosé Brunch". All guests who book the standard Champagne brunch package will be upgraded to Louis Roederer Pink Champagne if they wear a pink item of clothing or accessory. Available every Sunday, this extensive feast features a wide range of dishes, including refreshing seafood on ice and pink-themed desserts.

Finally, Kempinski The Spa has created a unique treatment designed to allow guests to control their body temperature during the hot summer months. Available from 1st May 2018 onwards, "Summer Bliss" combines a 90-minute aromatic oil massage with the use of cold stones. This helps to cool the body and boost circulation, whilst soothing the muscles and stimulating the nervous system.

Summer is a great time of year to visit Bangkok, but when the mercury rises it helps to have a luxurious sanctuary to retreat to. With its downtown location, extensive facilities and tropical resort-style ambience, Siam Kempinski Hotel Bangkok is the perfect place to unwind in the heat of the summer.
